Save the date - agenda to come!

Welcome to this season's last meeting with the Design & Creativity Working Group!

The focus will be next year's direction and activities for the working group. We will divide into small groups for the discussion - you will soon receive instructions (just a few short questions regarding your region's interests) for preparing for the meeting.

We are also looking into an external speaker and will upload a proper agenda once that is confirmed.

Indicative agenda, WG meeting 12th of December

14.30 - 15.00 Presentation and discussion - external speaker

15.00 - 16.30 (max) Internal discussion - topics and activities, collaboration with other WGs 2018

16.30 End of meeting

See you soon!

Aase, Anna and Jakob
