

Title: Global markets need smart green batteries for sustainable future

Finland wants to strengthen further and create new mutually fruitful partnerships with European ecosystem players both in the areas of R&D and business. The Permanent Undersecretary of State, Ministry of Economic Affairs and Employment of Finland and the team are inviting to participate in the seminar and establish contacts and start discussions round on possible cooperation with Finnish battery ecosystem.

Registration deadline is Monday 27 January. Programme and registration can be found [here](#).
