

Title: Webinar: Driving Urban Transitions - State of Play of a European Partnership under Development

This interactive webinar will focus on the Driving Urban Transitions Partnership and the outcomes of the [AGORA Virtual Dialogue 2020](#) as well as the [public consultation on the programme](#).

---

All interested stakeholders are invited to join this webinar for information and reflection on the next programme of JPI Urban Europe. The webinar offers the opportunity to learn more about the results of recent stakeholder consultations and co-creation workshops, and have a say on the draft implementation concept.

JPI Urban Europe is working together with the European Commission on a longer term programme called 'Driving Urban Transitions towards a Sustainable and Livable Urban Future'. This programme aligns European and Member States' efforts to build a critical mass for urban transitions.
