

Title: Nordic Edge Expo & Conference

The sixth edition of the Nordic Edge Expo will take place digitally on a custom-built platform. The event will be broadcast from several stages across Europe, while still allowing parallel sessions and networking to take place.

On 23 September the expo will open with with a stream from the main studio in Stavanger. This year's themes and topics include:

- Rethinking normality
- Urban energy
- Places and spaces
- Green and blue mobility
- Active citizenship and knowhow
- Smart health.

The conference strives to be one of the most valuable Smart City meeting places in the Nordics, bringing partners from the private and public sectors, academic and start-ups together.

On 23 September, ERRIN's director Pirita Lindholm will speak at the conference to discuss the Horizon Europe Mission on Climate Neutral and Smart Cities. She will appear on the Studio Brussels stage to share her insight on the mission and what it means for city and regional policy development. 'Reflections on the different aspects regarding the City Mission' will take place from 10:55 - 11:55 - read more [here](#).
