

Title: The Entrepreneurial Mission-Oriented State: Lessons from Covid19

A conversation about the economic recovery from COVID-19 between Director-General for Research and Innovation Jean-Eric Paquet and Professor Mariana Mazzucato will take place online this week. The pair will discuss lessons learned from the pandemic, how we can achieve a transformative recovery and what role research and innovation will place in this recovery.

The event will be live-streamed [here](#) and you can also join in the discussion on Slido ([#EUPMH18](#)).
