

Title: Industrial Hemp - From the world to Skåne

Join an upcoming virtual conference from Sweden. We will hear about the thriving market of industrial hemp in the world as well as its potential for the Swedish countryside, agriculture, the construction-and textile industry in particular.

Online streaming: the streaming link will be provided after registration

Fee: The event is free of charge

English session: 9-10:30 AM CET

Swedish session: 10:30AM - 3PM CET
