

Title: Urban Road Safety - Protecting Vulnerable Road Users

Continuing the Digital Future Mobility Talks series, The Ministry of Transport and Mobility of Hamburg, the Hanse-Office and their partners, present the second dialogue: Urban Road Safety - Protecting Vulnerable Road Users.

The session aims to facilitate discussion among stakeholders on the recent shift towards increased individual traffic caused by the pandemic and the dangers of serious road accidents in cities.

Learn more in the attached invitation and agenda, where the Zoom link to join the session can be found.
