

Title: EdU-Talks Policy Dialogue: The European action plan for digital education & the Flemish Digisprong

As part of its EdU-Talks series, VLEVA is organising a policy dialogue between Flanders and Europe on digitisation in education.

The event will discuss the European Commission's Digital Education Action Plan and Flanders' own Digisprong programme, designed to achieve high-quality digitisation in education.

The event will take place in English and [questions can be submitted](#) in advance. Registration is open [here](#), more information including the agenda can be found [here](#).
