

Title: Belgian AI Week - NCP Brussels Session AI funding opportunities for SMEs under Horizon Europe

During the Belgian AI Week, every citizen, expert or not, will have the opportunity to discover the fascinating perspectives of artificial intelligence. NCP Brussels invites to its session on AI funding opportunities for SMEs under Horizon Europe.

Participants will gain basic understanding of what to expect from Horizon Europe for AI research and innovation.

This knowledge should allow participants to better assess opportunities from the 2nd and 3rd pillars of Horizon Europe and start preparing proposals accordingly.
