

Title: Green week side event: The role of the circular economy in zero pollution strategies for healthier people and planet

The Delegation of the Government of Navarra to the EU is hosting a seminar to present concrete practices on how the circular economy in zero-pollution strategies can lead to healthier people and the planet.

The idea is to have a meaningful and to-the-point discussion, where participants will take home concrete ideas and where they could increase their network. It would take approximately 1 hour and will take place virtually.

Programme:

Agenda:

- 10h-10h05 - Introduction, Sergio Pérez, Director General for Foreign Affairs, Government of Navarra
- 10h05-10h20 - Circular economy and health - assessing health impacts in the circular economy model , World Health Organization- Regional office for Europe
- 10h20 - 10h35 - Green Deal going local. Local actions of circular economy for healthy regions, Tjisse STELPSTRA, member of the European Committee of Regions
- 10h35 - 10h50 - Case studies
 - Alchemia Nova, Key aspects for introducing nature-based solutions as a zero pollution strategy in circular economy actions, Johannes Kissler
 - Kunak - monitoring air quality- healthier people and planet, Miguel Escribano, Business Development Director
- 10h50 - 11h00 - Discussion, Q&A
- 11h00 -- Closing, Beatriz Irala, Delegation to the EU, Government of Navarra
