

Title: Horizon Europe brokerage event: Funding calls for nature-based solutions

As part of the Connecting Nature project's virtual enterprise summit, a Horizon Europe brokerage event on funding calls for nature-based solutions will be organised.

In this session, key funding topics related to nature-based solutions in the first calls of Horizon Europe will be identified and advice from experts on tips for succeeding in the increasingly competitive funding space will be shared with the participants. The focus will be on interesting 2022 calls, and organisations are invited to contribute potential ideas to how the following call topics could be addressed:

- HORIZON-CL5-2022-D1-02-05: Let nature help do the job: Rewilding landscapes for carbon sequestration, climate adaptation and biodiversity support.
- HORIZON-CL6-2022-COMMUNITIES-02-02 Developing nature-based therapy for health and well-being.
- HORIZON-CL6-2022-COMMUNITIES-01-05: Assessing the socio-politics of nature-based solutions for more inclusive and resilient communities.
