

Title: The Climate Pact Day of Action

The Climate Pact Day of Action is a one-day digital event taking place on 29 June 2021. It aims to raise awareness of the progress and opportunities in the Pact, encourage pledging, share uplifting stories of climate action and connect people with action in their own country.

The event aims to show that by taking action in our own worlds, everyone has a part to play in building a greener tomorrow. It will bring together politicians, policymakers, celebrities, Ambassadors, country coordinators, PR partners, influencers and the citizens of Europe from all walks of life for a day of action in favour of our planet.
