

CLIMATE ADAPTATION TASK FORCE

Co-leads: Zoe Buyle-Bodin (Normandy), Miia Paananen (Turku - Southwest Finland), Ingvild Jacobsen (Oslo Region), Torsten Raff (Bremen)

Main 2024 workstream: Mission on Adaptation to Climate Change

Key EU processes to follow

- Implementation of the EU Mission on Adaptation to Climate Change
 - Project development around the Adaptation Mission calls
 - Dialogue with the Mission Secretariat and strengthening ERRIN's position as an important stakeholder in the Mission
 - Continuation of Mission Adaptation in light of the publication of the Horizon Europe Strategic Plan 2025-2027, the new Framework Programme (FP10), and the start of the new European Commission
- EU Mission Adaptation projects: Pathways2Resilience and RESIST
 - Follow developments and provide information on opportunities and support services
 - Follow up on experiences from regions that take part of the different services offered by the projects

Other topics to be followed further in 2024

- Case studies on Adaptation (work done by JRC)
- Case studies on Adaptation (work done by EEA)
- PRI Working Group on Transformative Innovation for Climate Resilience

First planned activities

- Natural Resources & Food Cluster meeting: 2024 kick-off breakfast - 9 February
- Natural Resources & Food Cluster: Project facilitation session - April
