

ICT CLUSTER

Co-leads: Annelie Zapfe (Thuringia), Romain Wascat (Hauts-de-France), Leila Kylliäinen (Helsinki EU Office), Wim De Kinderen (Brainport Eindhoven), Alexandra Schafhauser (Västra Götaland)

Key EU processes and workstreams in 2025

- Digital transformation of local and regional authorities (linking with Living-in.EU)
- Understanding the landscape of tools and support mechanisms accessible for public authorities
- Positioning ERRIN in the digital policy landscape at EU level
- Digital Europe programme and its evolution in the next MFF
- Implementation of the AI Act and related AI strategies for local and regional authorities
- Green and digital transition
- ERRIN project **LIVING-IN.EU**

ICT – ACTIVITIES 2025

- Information session “Understanding the EDICs and opportunities for local and regional authorities” (March)
- Meeting with the wider membership on regional authorities’ position in Living-in.EU (March/April)
- AI in the public sector (June)
- Digital transformation of health care to meet evolving needs in an ageing society (September)
- Networking of EDIHs and information on Phase 2 (November)
