TRANSPORT

Welcome to the GREAT end conference

Join GREAT in Brussels on 18 March 2020 to discuss the future for alternative fuels in Europe reflected in the results of the Action. A day of sharing insights on alternative fuel infrastructure from different perspectives.

The climate issue is more relevant than ever before and in cooperation between the EU, private business and regions across four nations GREAT has worked as an enabler for decarbonisation along the northern part of the TEN-T corridor. This by building 69 EV fast chargers and one LBG/LNG station as well as promoting alternative fuel vehicles to buyers.

MARCH

18

Time:

18 March 2020, 10.00-15.00
(coffee and registration from 9.30)

Location (NEW VENUE):

Permanent Representation of Sweden to the EU
Square de Meeûs 30, Brussels

[Register](#)

At the conference you will hear about the future for alternative fuel in Europe, reflected in the result and experiences from the Partners in the action. What has been the challenges and benefits from PPP cooperation? Has the Action achieved its targets? Is the Nordic market mature enough to withdraw policy support?

How do we create growing and sustainable business models that makes the shift in the transport sector accelerate? Will The European Green Deal support this transformation and create modern, resource-efficient and competitive economy where there are no net emissions of greenhouse gases in 2050?

You will also meet the users of the installed alternative fuel infrastructure. What are the benefits and challenges when switching to alternative fuel and alternative fuel vehicles?

Agenda

9:30-10:00 **Registration and coffee**

10:00-10:15 **Welcome**

- Torbjörn Haak, Ambassador, deputy permanent representative – Permanent Representation of Sweden to the EU
 - Anna Jähnke, Regional Development Committee Chair – Region Skåne
-

10:15-10:40 **Opening speeches**

- Johan Danielsson, MEP, Committee on Transport and Tourism
 - Charlotte Nørlund-Matthiessen, Policy Assistant – Cabinet of Commissioner Adina Vălean, Commissioner of Transport
-

10:40-11:20 **GREAT achievements and PPP experiences**

What are the main results of GREAT and how does a public private partnership work in practice? The project manager for GREAT shows results and discuss with the private partners building infrastructure in the Action.

- Britt Karlsson-Green, Project manager GREAT – Region Skåne
 - Peter Maksinen, CEO – FordonsGas Sverige AB
 - Mette Marie Knudsen, Senior Business Development Manager, e-Mobility – E.ON Denmark
-

11:20-12:00 **The use of EV infrastructure**

What is the market trend in EV fast charging? Is the market developing in the pace foreseen and what is the public opinion on EV's and charging infrastructure? A discussion on recent and future development with a northern European focus.

- Sonja Haustein, Senior Researcher, Technical University of Denmark
 - Nissan Europe – TBC
 - Renault Europe – TBC
 - Mattias Vendel, Programme Manager, eMobility Solutions, Nordic – E.ON Energilösningar
 - Nikolay Shishkov, founder – uppladdning.nu
-

12:00-12:45 **Lunch**

12:45-13:25 **The use of LNG/LBG infrastructure**

Is LBG a business for the future in Northern Europe and is it growing as expected? How does the focus on LBG play into the global focus on LNG in transport? A discussion with Swedish LNG/LBG providers and hauliers moving into LNG/LBG.

- Björn Fredriksson Möller, Senior Specialist CNG/LNG – E.ON Energilösningar
 - Peter Maksinen, CEO – FordonsGas
 - Stefan Karlsson, CEO – Transab / Procab
-

13:25-14:05 **Creating a sustainable business for alternative fuels**

The market for alternative fuels is still heavily dependent on policy measures supporting growth. How do we create a sustainable business through effective policy measures and when will it happen? Is there a need for harmonising support in the EU?

- Thomas Becker, Managing Director – STRING
 - Jens Mandrup, Transport Committee Chairman – Capital Region of Denmark
 - Amit Yudan, Director – Ardan
 - E-Mobility project Europe – TBC
 - Jan Carsten Gjerløw, Director Evig Grønn AS & Clean Fuel Expert in the Scandria@Alliance
-

14:05-14:20 **Coffee**

14:20-14:55

Ambitions to follow GREAT

GREAT has been at the forefront in the development of a network for alternative fuel in the northern part of the TEN-T corridor. Now both EV fast charging and LNG/LBG are available both thanks to GREAT and other stakeholders. What will be the next step?

- Axel Volkery, DG MOVE Unit B4 Sustainable & Intelligent Transport
- Anders Berger, Director Public Affairs Volvo Group Headquarters
- Region Västra Götaland – TBC
- Per Löfberg, Project Manager, EVolution Road, Innovation Skåne

14:55-15:00 **Wrap-up**

Registration

Please register by 11 March 2020 latest.

About GREAT

GREAT is a CEF-supported action to upscale decarbonisation of the road transport sector. In a partnership between the private and public sector we address one of our biggest climate challenges. GREAT has since 2016 built 69 fast chargers and one LBG/LNG station between Hamburg and Oslo/Stockholm. The result is a reliable infrastructure for alternative fuels and new possibilities for sustainable transports along the corridor. GREAT has also worked actively to change attitudes and increase usage of more sustainable fuels.
