

## Transport Working Group Meeting

# Presentation of the 2023-2024 Horizon Europe calls and updates on the ERRIN-POLIS opinion on the TEN-T regulation

Thursday 08 September | 14.30-16.30

*After the summer break, the Transport WG will meet again on September 8 from 14:30 to 16:30. The meeting will be an occasion to introduce our **new WG leader, Anna Tranberg**, Stockholm Region EU Office, provide an update on the **ERRIN-POLIS opinion on the TEN-T regulation**, and **present the 2023-2024 Horizon Europe calls with Marina Martínez**, CDTI-SOST Office.*

### **Updates on ERRIN-POLIS opinion on the TEN-T regulation**

*The new EU's approach to Urban Nodes promises to support the development of the TEN-T and the role of cities and regions; however, amendments to the legislation are still advised. In June 2020, ERRIN and POLIS published an opinion paper – [“Strengthening urban nodes and innovation to enhance the capacity, sustainability, and competitiveness of the European transport system”](#) – on the revision of the TEN-T guidelines based on the experiences of regional and local actors with the TEN-T implementation. Following the publication of the opinion paper and as a response to the consultation held in spring 2021 on the TEN-T regulation (No 1315/2013), ERRIN and POLIS released proposals for concrete amendments to the legislation.*

### **2023-2024 Horizon Europe calls**

*As the Horizon Europe Work Programme 2023-24 is nearly finalised, in this WG meeting, we have invited **Marina Martínez**, Framework Programme Officer at the CDTI-SOST Office, to **present the upcoming calls with a specific focus on destinations 2, 5 and 6**.*
