

Transport Working Group Joint Meeting with POLIS

Urban Nodes in the revised TEN-T Regulation

Thursday 6 July | 16:30-18:00 CEST

ERRIN Office, Rue Luxemburg 3, 1000 Brussels, 8th floor

ERRIN and [POLIS](#) are organising a joint meeting focused on the crucial topic of urban nodes within the TEN-T regulation. This meeting serves as a platform to discuss and share insights on the significance of urban nodes and will initiate discussions on the **future Connecting Europe Facility (CEF)**.

Key objectives of the meeting include:

1. Discussing ERRIN's and POLIS' work on TEN-T urban nodes with a focus on the [key policy recommendations](#).
2. Initiating discussions on the future Connecting Europe Facility (CEF): As we look ahead to the future of the TEN-T regulation, it is essential to discuss the financing mechanisms required to support urban nodes in meeting the objectives of the upcoming TEN-T regulation and ensure that adequate financial resources are allocated to urban nodes.

During the meeting, Herald Ruijters - Acting Deputy Director-General, Coordination of Directorate B Investment, Innovative & Sustainable Transport, DG MOVE, European Commission - will provide valuable insights into the European Commission's perspective on urban nodes, the TEN-T regulation and the CEF.

Please register using the form [here](#).
